Start your Foundation Learning with JACE Training

Foundation Learning is a programme designed to allow you to add to your school grades and make your own choices of which subjects to study.

Once you are set up on the JACE Foundation Learning programme you can begin your introduction into the courses you'd like to study.

Further choices are:

Playwork

This course will provide you with an understanding of children and play, the roles and responsibilities of a playworker, how to build relationships with children and keep children safe.

NcFE Level 1 Award in Creative Craft using Nursery Art

This qualification provides an introduction to nursery art. You will develop a portfolio in nursery art, use materials, tools and equipment correctly and safely.

You will design, create, present and evaluate a nursery art project to complete this Award.

NcFE Level 1 Award in Creative Craft using Toy Making

This qualification provides an introduction to toy making to be developed and some of the craft processes.

You will develop a portfolio in toy making, use materials, tools and equipment correctly and safely. You will have to design, create, present and evaluate a toy project to complete this Award.

Climb on-board with JACE Training

NcFE L1 Certificate in Photography

The qualification aims to give you basic photography skills and provide you with an underpinning knowledge of the photographic process. This a great start if you would like to progress into other study.

Foundation Learning is a great route if you didn't get English & Maths at grade A-C or you want to improve your basic qualifications.
